

Name: Seth Meyer

1. Please provide a short biography of yourself, including your educational and business background;
2. accomplishments; other community, civic, professional, and social organizations to which you belong; and any other information you may want to add, including about your family. Please be sure to include your current business/company affiliation.

I was proudly raised in the Plainview-Old Bethpage Community. I graduated POBJFK HS in 2003, continued my education at Binghamton University (c/o 2007) and graduated St. John's School of Law in 2010. I am an attorney at the business/real estate law firm of Brown, Altman & Dileo, LLP and have remained an active member of the chamber since joining in 2019. The firm hired an intern through the high school's mentoring program. I have served on the By-Laws Committee and will be serving on the Scholarship Committee and regularly participate in networking events and membership meetings.

I am a member of the Board of Directors for the Harpur Law Counsel at Binghamton University and a member of the Board of Directors of the Judicial Studies Alumni Board, also at Binghamton. I am active in the Melville Chamber of Commerce, Attorney and Accounting Networking Group (AANG) and St. John's School of Law.

3. If elected, what would you want to accomplish as a Board Member?
4. More outreach to the businesses along the service road and industrial areas of Plainview to mesh the existing members with new business opportunities.
5. What new activities/programs would you suggest to the Chamber and why?
6. More multi-chamber events; Melville is our next-door neighbor and they could be a great set of contacts for us.
7. Career night with the high school students to teach them about different career paths (and possibly network with their parents if they attend)
8. Young and emerging professionals meet-ups (young professional engagement seems to be an issue and could be helpful to get fresh ideas).
9. What issues do you consider important to the Plainview business community?
10. Balancing the growth of professional businesses with service/retail sector and industrial business. Plainview has the potential for robust growth in all three areas, and that should be developed more mindfully.
11. Why do you want to be a member of the Board?
12. I want to see Plainview businesses continue to grow and thrive. My family has been here for 30 years and I want the next 30 years to be even better. I also think I can be a strong ambassador between young professionals and more experienced professionals and am in a "sweet spot" to understand the concerns and needs of both groups. Please feel free to reach out with any questions.
